Port 2: Plan Payments and Length of Plan

The debtor submits to the supervision and control of the trustee all or such portion of future earnings or other future income as is necessary for the execution of the plan.

Unless all allowed claims (other than long-term claims) are fully paid pursuant to the plan, the debtor will make regular payments to the trustee as follows:

\$1358.00 per Month for 57 months

Insert additional lines if needed.

The debtor and trustee may stipulate to a higher payment in order to provide adequate funding of the plan without the necessity of a modification to the plan. The stipulation is effective upon filing with the Court.

Additional monthly payments will be made to the extent necessary to make the payments to creditors specified in this plan.

To receive a distribution from the trustee, a proof of claim, including adequate supporting documentation and filed in compliance with Official Rules and Forms, must be filed with the Court. For purposes of plan distribution, a claim shall be treated as provided for in a confirmed plan. However, if a claim is treated as secured in a confirmed plan and the affected creditor elects to file an unsecured claim, such claim, unless timely amended, shall be treated as unsecured for purposes of plan distribution. Any creditor holding a claim secured by property that is removed from the protection of the automatic stay by order, surrender, or through operation of the plan will receive no further distribution from the chapter 13 trustee on account of any secured claim. This provision also applies to creditors who may claim an interest in, or lien on, property that is removed from the protection of the automatic stay by another lienholder or released to another lienholder, unless the Court orders otherwise, but does not apply if the sole reason for its application arises under 11 U.S.C. § 362(c)(3) or (c)(4). Any funds that would have otherwise been paid to a creditor, but pursuant to these provisions will not be paid, will be distributed according to the remaining terms of the plan. Any creditor affected by these provisions and who has filed a timely proof of claim may file an itemized proof of claim for any unsecured deficiency within a reasonable time after the removal of the property from the protection of the automatic stay. Secured creditors that will be paid directly by the debtor may continue sending standard payment and escrow notices, payment coupons, or inquiries about insurance, and such action will not be considered a violation of the automatic stay.

The remainder of this paragraph will be effective only if the applicable box in Part 1 of this plan is checked.

The debtor requests that the Court determine the value of the secured claims listed below. For each non-governmental secured claim listed below, the debtor states that the value of the secured claim should be as set out in the column headed Estimated amount of secured claim. For secured claims of governmental units, unless otherwise ordered by the Court after motion or claims objection filed after the governmental unit files its proof of claim or after the time for filing one has expired, the value of a secured claim listed in a proof of claim filed in accordance with the Bankruptcy Rules controls over any contrary amount listed below. For each listed claim, the value of the secured claim will be paid in full with interest at the rate stated below.

The portion of any allowed claim that exceeds the amount of the secured claim will be treated as an unsecured claim under Part 5.1 of this plan. If the estimated amount of a creditor's secured claim is listed below as having no value, the creditor's allowed claim will be treated in its entirety as an unsecured claim under Part 5.1 of this plan. Unless otherwise ordered by the Court, the amount of the creditor's total claim listed on the proof of claim controls over any contrary amounts listed in this paragraph.

Unless 11 U.S.C. § 1325(a)(5)(A) or (C) applies, holders of secured claims shall retain liens to the extent provided by section 1325(a)(5)(B)(i). Unless there is a non-filing co-debtor who continues to owe an obligation secured by the lien, any

Part 4: Treatment of Fees and Priority Claims

4.1

The debtor shall pay all post-petition priority obligations, including but not limited to taxes and post-petition domestic support, and pay regular payments on assumed executory contracts or leases, directly to the holder of the claim as the obligations come due, unless otherwise ordered by the Court. Trustee's fees and all allowed priority claims, including domestic support obligations other than those treated in § 4.5, will be paid in full without postpetition interest.

4.2 Trustee's fees

Trustee's fees are governed by statute and may change during the course of the case.

4.3 Attorney's fees.

The debtor and the debtor's attorney have agreed to an attorney's fee for the services identified in the Rule 2016(b) disclosure a. statement filed in this case. Fees entitled to be paid through the plan and any supplemental fees as approved by the Court shall be disbursed by the trustee as follows: Following confirmation of the plan and unless the Court orders otherwise, the trustee shall disburse a dollar amount consistent with the Judge's guidelines to the attorney from the initial disbursement. Thereafter, the balance of the attorney's compensation as allowed by the Court shall be paid, to the extent then due, with all funds remaining each month after payment of trustee fees, allowed secured claims and pre-petition arrearages on domestic support obligations. In instances where an attorney assumes representation in a pending pro se case and a plan is confirmed, a separate order may be entered by the Court, without further notice, which allows for the payment of a portion of the attorney's fees in advance of payments to creditors.
